

NBV240

Now with 2-Speed Motor With a noise level of only 45 dB(A), the NBV 240 is excellent for daytime cleaning or cleaning any congested or occupied public areas. Cord-free operation improves productivity significantly and eliminates accidents commonly associated with power cords such as tripping over them or getting electrical shocks due to improper care. With a 2 gallon capacity the NBV 240 offers plenty of capacity. The 250 watt vacuum motor coupled with a run time of 75 minutes on low (55 minutes on high) ensures plenty of power to get the job done; the battery provides stable power over the entire discharge. The 36 volt lithium ion battery can be interchanged between all of our battery vacuums and charges in only 2.5 hours. The on/off switch and battery status are conveniently located on the front of the machine for the operator to see at all times. When equipped with a HEPA-FLO bag, the filtration is 0.3 micron @ 99.97% efficiency, improving indoor air quality and reducing dust in the facility. Weighing in at only 14 pounds, the NBV 240 is compact and lightweight with a durable polyethylene tank.

Key Features
 Outstanding for daytime cleaning
 The 2 gallon tank offers plenty of capacity
 A 250 watt vacuum motor and run time of 45 minutes ensures there is plenty of power to get the job done
 The 36 volt lithium ion battery can be interchanged between both units, it charges in 2.5 hours.
 Weighing in at only 14 pounds the NBV 240 is compact and lightweight with a durable polyethylene tank

Tank Capacity	2.5 Gallon
Vacuum Motor	250 W,,,2 Speed
Number of Motors	1
Airflow (CFM)	50 CFM
Waterlift (Inches)	45"
Noise Level dB(A)	45 DB(A)
Head Construction	Polypropylene
Tank Construction	Polypropylene

Power Cord Length	
Hose Length	8.5'
Pump Power	
Pump Type	
Flow Rate	
Weight	15 lbs
