RSV 150

Backpack Vacuum

Same Great Performance with
a New Compact Design

- ✓ New slimline ergonomic design
- ✓ Lightweight user-comfort
- ✓ Extended cleaning reach

Compact, comfortable and powerful, the RSV 150 goes wherever you go

THE PERFECT BALANCE BETWEEN PRODUCTIVITY & COMFORT

The **RSV 150** provides optimum user-comfort and performance while delivering exceptional productivity.

High Performance

Energy efficient 2250 hour motor (2x the motor life of most units on the market) and backed by a 5 year warranty.

More suction, more airflow, more overall power for faster cleaning and better results.

What Goes in, Stays in

HepaFlo Bags with innovative self-seal tab lock all the dust in the bag, allowing for easy, clean and hygienic emptying.

Better filtration creates better IAQ, improving health & safety for users and building occupants.

Quicker Cleaning

6 QT capacity and extra-long 50' cord means less stopping to unplug.

Ultimate User Comfort

Ergonomically designed to reduce fatigue and with height adjustable harness (no tools required), a breathable mesh panel and handy onboard tool storage for accessories and power control.

Cord Management

Quick change “plug & go” cord with heavy duty cord restraint for long term cord life.

Tool Choices

Clean carpets or hard-floors with one tool or switch between traditional tools and high performance sidewinder tools by simply swapping out a wand section.

Standard Kit
