

**CLEAN, DRY CARPETS IN
30 MINUTES OR LESS**

READY SPACE[®]

More than clean, it's ReadySpace.[®]

More than clean, it's ReadySpace®

Unmatched dry times; innovative technology.

ReadySpace® technology returns clean carpets to service sooner. Rapid dry times mean quicker turnaround of the space. Consider the benefits:

- Effective removal of dirt and debris.
- Superb carpet appearance with virtually no wick-back.
- Fresher, healthier environments. Odors and molds caused by excess water are minimized.
- Due to short dry-time, the risk of slip-and-fall accidents can be dramatically reduced.

From clean to crowd in minutes

Rapid dry times mean additional hours of carpet use.

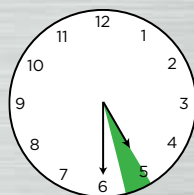

Early Flight

5:00 AM

Cleaning crews finish cleaning the airport concourse using ReadySpace®.

5:30 AM

Carpets are clean, dry and ready for the commuter rush.

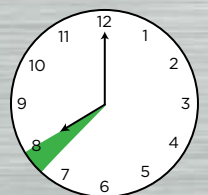

First Bell

7:30 AM

School custodians finish cleaning the hallways using ReadySpace®.

8:00 AM

Carpets are clean, dry and ready to handle 900 pairs of sneakers.

Built to be **tough**. Made to be **easy**.

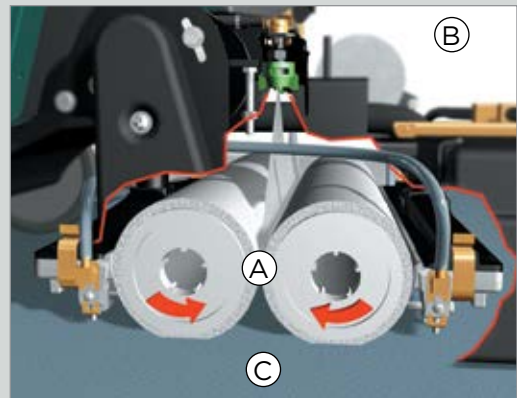

READYSPACE[®]

More than clean, it's ReadySpace.[®]

Patented ReadySpace[®] Technology
Clean, dry carpets in less than 30 minutes.

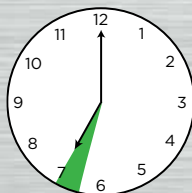

- A) Unique soil-transfer rollers are the basis for ReadySpace[®]. When damp, these fabric rollers grab dirt from carpet fibers and lift it into the machine.
- B) Inside, sprayers rinse soil from the rollers, not the carpet.
- C) Two powerful individual vacuum shoes extract the dirty water into the recovery tank.

Daily Conventions

6:30 PM
Hotel housekeeping finishes cleaning the main convention hall using ReadySpace[®].

7:00 PM
Carpets are clean, dry and ready to meet attendees rushing the registration table.

“Not only would I recommend the Nobles ReadySpace[®] machine, it really recommends itself from the increase in productivity, the decrease in dry time, and the savings from both.”

READYSPACE®

WATER CONSERVATION

ReadySpace® technology uses up to 80% less water than other solutions – decreasing your water bill and lowering waste water disposal.

DETERGENT REDUCTION

ReadySpace® uses less detergent – reducing your chemical cost and creating less waste for the environment.

REDUCE SLIP-AND-FALL ACCIDENTS

Because ReadySpace® cleaned carpet dries in 30 minutes or less, the risk of slip-and-fall accidents can be decreased.

IMPROVE AIR QUALITY

ReadySpace® reduces both water and chemical usage, maximizing the quality of the air you breathe.
