Professional Restoration Series

Innovative Cleaning Solutions for Restoration Professionals

As a professional restoration contractor you are concerned about productivity, safety and customer satisfaction. Rochester Midland's Professional Restoration Series of cleaning products is designed to help you achieve these results.

Our unique line of non-pathogenic biological cleaners are created to help you deal with water damage, fire damage, and odor control while improving worker safety, productivity and customer satisfaction. Our biological cleaning technologies will begin to destroy soils and odors as soon as they are applied, and can even continue to work long after initial application in hard to reach areas. This will help you improve response and cleanup time, odors in working conditions and within your equipment, recovery of content, and customer satisfaction.

Water Damage

PRS Water Damage PreClean

Initial treatment for digesting odors and soils, including fecal matter and urine.

Degrades odor-causing substances and soils.

SKU: 11905227 4x1 Gallon Case
